New Negative Potential Body Energizer

E-Power was designed to provide Negative Potential Energy (Anion Effect) with High Frequency Energy (Resonance).

Development and Studies

Scientists 1 :

Earl Sutherland of the United States received the 1971 Nobel Prize for his discoveries regarding “*the mechanism of the action of hormones.*” He showed that the signal used to communicate between cells (the 1st Messenger) is converted to a signal inside the cell (the 2nd Messenger). This signal occurs in the cell membrane. Nobel Prize winners Alfred Gilman & Martin Rodbell (1994) discovered how they work.

Scientists 2 :

An Anatomy Doctor at the University of Bologna, Italy discovered that the human body is a “semi-conductor” of electricity. It has been proven that there are 30-50 micro-voltages in EACH cell of the human body.

Scientists 3 :

Russian Scientists discovered that the main cause of aging and eventual death of the human body is due to the lack of ATP.

Scientists 4 :

An American Biologist discovered that negative electric potential activates the ATP Enzyme and helps with the composition of ATP.

Development and Studies

ATP's (adenosine triphosphates) are energy-carrying molecules found in the cells of all living things. ATP transports chemical energy within cells for your metabolism. It is an energy source that your body needs not only to survive, but to thrive!

Why Positive Potential can be harmful?

- Nutrients, Oxygen and H₂O can not get in.
- Waste, Carbon Dioxide can not get out.
- Inside cell gets too much sodium⁺ / hydrogen⁺

Why Negative Potential is Important?

The Principle of Design

The technology developed for Negative Potential Energy and High Frequency Energy combines theories of modern medical science, electronics, Traditional Chinese Medicine, and the biology of micro-molecules.

Using your body as a capacitor, E-Power creates an internal energy that will balance and revitalize you.

Electric Potential in the Human Body

240,000,000,000,000+ millivolts

There are 30-40 micro-voltages within the cell membranes that are located in your body. Since there are approximately **SIXTY TRILLION** (60,000,000,000,000) cells in the body, the total electric potential is a very considerable number.

The change in electric potential during a lifetime is indicated below. The electric potential in the human body decreases with age, and the reduction of electric potential can cause illnesses. For this reason, it is necessary to increase the electric potential to increase health. HTE developed E-Power, so that you can easily increase your electric potential.

Lifetime Electric Potential for Humans

Children

(Around 70-90 millivolts)

Sick & Tired

(Lower than 60 millivolts)

Senior Citizen

(When the cells die, zero millivolts; full blown cancer & disease equals 15 millivolts.)

The Comparisons between Positive and Negative Ion Field:

Body Systems	Negative Field Action	Positive Field Action
Autonomic Nervous System	Stimulates Parasympathetic Nervous System (May cause relaxation)	Stimulates Sympathetic NS (May cause stress)
Whole Body	Calms, relaxes, deep sleep	Stress, Insomnia, Depression
Adrenals	Balance	Can over-stimulate (may cause burn out)
Bone Fractures	Healing, Approved by FDA (Bassett, 1974, 1977)	May not heal
Nutrient Absorbing	Increases Utilization	Dampens Utilization
Hormones	Balances	Can get out of balance
Oxygen Intake	Improves by study 30%	Decreases, dampens Bronchioles.
Urinary Function	Detoxifies, relaxes	Suppressed
Bowel Movement	Detoxifies, relaxes	Can be constipating
Respiration	Increases oxygen and improves breath volume	Dampens oxygen
Pulse	Slows down	Can speed up
Capillary Vessels	Expands, increased oxygen	Contracts, less oxygen
Blood Pressure	Tends to normalize	Tends to go up
Blood sugar	Lowers, reduce risk of diabetes	Increases
PH	Alkalizes, above 70 millivolts Cell membrane – 8 pH Electrons spins clockwise Spinning off acid water-wastes	Below 70 millivolts Cell Membrane – 2 pH Electrons spin counterclockwise, attracting acids & wastes
Good Bacteria	Supported by the negative	Attracts bad bacteria
Enzymes	Activates greater activity	Decreases activity
Lactic Acid	Rids acids	Increases lactic acids and causes fermentation

Body Systems	Negative Field Action	Positive Field Action
Calcium Absorption	Increases, relaxes	Decreases stressors, When reaching beyond reserve, shuts down Sympathetic, Osteoporosis
Potassium in Cells	Increases Energy	Decreases stressors, shuts down Parasympathetic
Magnesium	Increases Energy	Decreases energy, shuts down Sympathetic
Sodium	Increases in & around cell	Same, decreases energy
Mitochondria	Can increase ATP energy dramatically, muscles, heart	Can decrease energy and cause fermentation of ATP
Liver	Increases 2,000 functions	Decreases function
Blood Coagulation	Can reduce	Increases, can cause blood clots
White Blood Cell Count	Can increase	Stress can decrease
Collagen-Skin Cells	Can be stimulated	Increases wrinkles
Fat Cells-Cellulite	Can decrease	Can increase fat cells
Metabolism	Can increase	Can decrease
Digestion	Can improve	Can decrease
Immune function	Increases Macrophages, B Cells, T Cells, Helper Cells	Can dampen immune function

WHAT DOES THIS ALL MEAN?

1. Increased Cell Membrane Voltage activates the sodium/potassium pump allowing:

- Regeneration of cellular energy and increased body energy
- Improvement of oxygen.
- Increase of Vitality and Cell Function
- Increased Nerve Regeneration (1998 University Gottingen)
- Activates Oxidoreductase enzymes to change acid to alkaline.

2. Improvement of Blood Circulation due to Vasodilation allowing:

- Capillaries to receive more oxygen (up to 30% by study – Pargon 1967, Peraira 1967)
- Reduction of blood flow resistance returning to the heart.
- Can lower Blood Pressure
- Can increase Detoxification
- Improved Nutrient Supply and improved Nutrient Supplement utilization.
- Change Acidosis to Alkalinity
- Accelerate Healing of wounds
- Increased performance in Sports Competition
- Clearer Mental Performance, Focus, Concentration

3. Release of Calcium: (a messenger substance) by:

- Increasing metabolism
- Benefits Cell Division
- Reduction of Vascular Function
- Balances Cortisol and Adrenalin - relieving stress
- Regulates the Adrenalin receptors from becoming Adrenalin Resistant
- Activates the Insulin Receptors (balances insulin better)
- Improves the Nerve Function in Balance
- Activates Macrophages and T Cell (Study Carson 1990)
- Helps Back, Muscle, & Spinal Column Therapy

4. Triggers the Spleen and Bone Marrow to Increase Calcium by:

- The Piezoelectric effects increase bone tissue. Helps to have stronger Bones & Eliminates Osteoporosis
- As we get older, the bones resist PTH from the parathyroid gland (Thyroid) to make more bone-forming cells. Negative fields increase this function

5. Shortens recovery & repair time for Athletes, & Disability by:

- Strengthening muscles, bones, tendons, & ligaments
- Reduces inflammation
- Great for Rheumatism, Arthritis, Bruises, Fractures, Paralysis, and Muscle & Nerve Tension.
- Reduces Risk of Injury and regeneration of injured cells

6. Pain Relief by:

- Interrupting transmission of Pain stimulus to the brain
- Relieves Muscle Tension, leg cramps. spasms

7. Improves the Function of the Stomach and Intestines through:

- Regulation of Plexus Myenterium by increasing Digestion activity.
- Increase in Metabolism
- Increased Weight loss and building Muscle Mass

8. Increases Collagen by:

- Stimulating the Fibroblasts
- Increases the activity of connective tissue cells
- Increases Nerve & Skin regeneration

E-POWER was designed using modern technology including universal medicine, biology of micro molecules and electronics. It combines the actions of negative potential, and high frequency. It has had notable results in improving the function of organs and limiting illnesses.

Design of E-Power

- The AC Voltage output works on 110v and 220v and is considered very safe.
- A safe, low voltage circuit creates the high frequency and the negative potential.
- The time control is designed for 0-30, 30-60, 60-90 minutes continuously.
- The indicator is designed with a fluorescent VFD technology screen.
- The housing unit is made of high quality PVC.
- The housing unit is welded together on each side making it strong and safe.
- The IC parts on the PVC are of high quality that guarantees high precision and stability.
- All the pieces of PVC were tested for 24 hours of continuous high temperature, aging, and vibration.
- The escape of electricity is much lower than the norm of medical products ($\leq 0.5\text{mA}$).
- High Frequency Output: 70KHZ
- Negative Potential Output: 1/600V, 1/800V, 1/1000V.
- The unit can pulse from a positive polarity frequency of 2500 (a high) to a negative polarity frequency of -600.

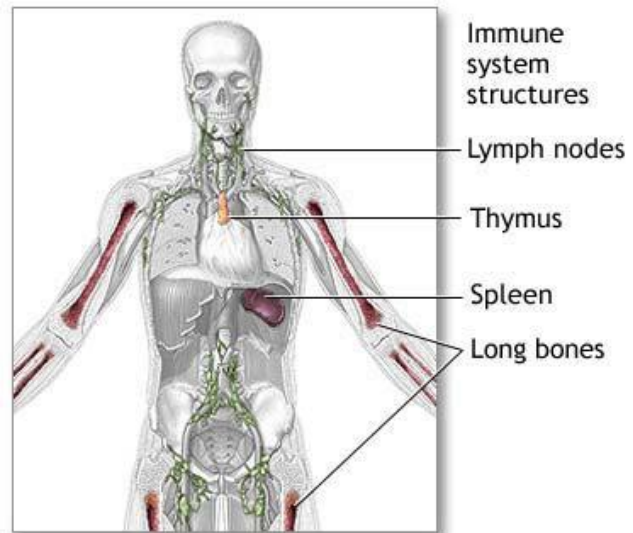

Characteristics of Design

1. Good function, portable, and by its concept, is suitable for everyone in today's families.
2. Is esthetically pleasing with plenty of ventilation chambers to help lengthen the life of the product.
3. Easy to handle and use, and does not have any known negative side effects.
4. Compact size to use at home, office or when traveling.
5. Designed with 2 ports for 2 people to use at the same time.

***E- POWER** activates cells and breaks through traditional medicine to improve functions of the main 8 systems.
It is suitable for everyone in the family.*

Functions of Negative Potential / High Frequency

- **Circulatory System**
- **Nervous System**
- **Digestive System**
- **Bowel Movements**
- **Immune System**
- **Skeletal System**
- **Weight Loss**
- **Improve Skin**

Circulatory System

About 80% of the illnesses that exist in the human body come from the circulatory system. A Cardiology Specialist from the United States (W. CASTELI) says:

“Good maintenance of the heart and the circulatory systems can prolong life.”

1. A High Frequency (70KHz electrical charge) begins the process of Negative Potential Energy in the body.
2. The body begins to react to Negative Potential and starts to remove acid sediments, impurities, triglycerides, and cholesterol that stick to the wall of blood vessels.
3. E-Power increases the electrical potential and permeability of the cells that clean blood and balance your PH.

The Nervous System

For people with imbalances of the autonomous nervous system, headaches, insomnia, stress, constipation, and much, much more.

1. Negative Potential Energy can increase the anions in the cellular membrane and improve blood vessel flow.
2. The autonomous nervous system reaches equilibrium by absorbing anions, which in turn regulate the functions of blood vessels and internal secretion systems.

The Digestive System

Each of our cells contain, on average, 500 to 2,000 little "factories" called mitochondria that are responsible for supplying our energy needs. This energy survives in ATP.

There are 1,000-2,000 Mitochondria (mtDNA) in a single liver cell, occupying roughly a fifth of its total volume.

The mitochondria are essential for turning the food we eat into energy in the form of the molecule ATP. Mitochondrial diseases can affect many organ systems. These include gastrointestinal problems (constipation, acid reflux), ataxia (loss of balance and coordination), and learning delays.

E-Power can increase the electric potential of cells where the Mitochondrion live. It can help with problems of gastric ulcers, stomach pains, and insomnia, and improve the overall health of individuals.

Negative Potential Energy from E-Power stimulates cells and can reactivate the enzymes of ATP. It will also increase the ability to compose ATP in the membrane. Mitochondria also exist in muscular cells. It softens hard excrement, stimulates intestines to increase bowel movements, and eliminates constipation. When E-Power reactivates enzymes in the intestines, it prevents the loss of nutrients your body needs.

The Urinary System

When you begin the detoxifying process with E-POWER, the function of the digestive system starts to recover. Bowel movement regulates and the amount of urine and stool will increase.

At first, due to the detoxification process of E-POWER, the urine will look foamy and the stool will have a very strong smell. The revival of enzymes helps diminish the workload of the kidneys and liver.

The Immune System

“When there’s negative potential energy, the ‘C Proteins’ (which are located in the blood) activate. The C Proteins are in charge of the immunologic function...

When the C Proteins have been reactivated, the immune system improves. It will accelerate cicatrisation (healing by forming scar tissue) and help improve immune system problems including stress, asthma, eczema, allergies, etc.”

- Dr. Guang Teng Zhitian

The Skeletal System

For some people, the body does not absorb enough calcium or loses calcium ions, which can result in osteoporosis.

The action of negative potential increases the ability of the cellular membranes to improve the exchange of ions.

This exchange balances the ions inside and outside of the cells, and it will reserve the calcium ions in the bones, helping to improve the problem of osteoporosis.

Weight Loss

E-Power helps unblock channels of energy in the body and accelerates the process of fat burning.

It can strengthen the skin and firm the figure of the face, showing a reduction of fat under the chin.

Improve Your Skin

The electrical wave of high frequency massages cells 70,000 times per second to help the skin recover its elasticity. The Negative Potential helps balance the blood PH and accelerates the process of detoxification, making the skin look and feel healthy.

The supply of anion reduces negative effects of the skin. It improves skin metabolism and the ability to reserve oxygen.

It can eliminate the small lines of expression and age spots, while reducing stretch marks and lines from pregnancy.

The aging and Wrinkles

Collagen and Skin

Collagen is a protein produced by skin cells which provides strength and resilience to the skin. Healthy collagen means firm yet soft and supple skin.

- Collagen makes up 75 percent of our skin; thus, the smooth, plump appearance of young, healthy skin is due in large part to the presence of healthy collagen levels.
- Because of this, beauty seekers around the globe search for new ways to boost collagen levels and repair past collagen damage

Anti-Wrinkle - Thermage Face Lift

Thermage Skin Tightening

A process that renews collagen production by heating collagen in the lower layers of skin causing tightening of collagen and rejuvenation of collagen production.

Immediate collagen contraction (shrinkage)
results in tightened skin

Skin lift:

Increases Collagen by:

- Stimulating the Fibroblasts
- Increases the activity of connective tissue cells
- Increases Nerve & Skin regeneration

Apply to:

- Face lift, Softening of wrinkles around eyes and lift up eyebrows
- To improve double chins
- To help firm sagging skin on belly, arms and knees

Assistant facial massage skills

1

Messaging in upwards motion twice, from the bottom of neck to the base of the chin

2

Start from the jaw sliding the fingers towards the ear for 2 times

3

Start with the corner of the mouth by sliding the fingers towards to the ear for 2 times

4

Start from the philtrum by sliding the fingers towards to the ear for 2 times

5

Sliding the fingers along the sides of the nose towards to temple for 2 times

6

Start with the inner hollow of the eye by sliding the fingers towards to the temple for 2 times

7

Messaging in upwards motion from the edge of the eye through the temple to the hairline for 2 times

8

Messaging in upwards motion twice, from the eye brow to the hairline

Operating Instructions

Please notice the following :

- i. Isolation
- ii. Your feet cannot contact the floor directly. (Place feet on a wooden surface such as cutting board)
- iii. DO NOT sit on metallic furniture (tables, chairs)
- iv. The white cable cannot have contact with the floor
- v. Keep E-Power and the body 4 inches away from the wall

Suitable For:

Healthy Physiques:

Balance your organ functions and enhance muscle strength.

Weak Physiques:

Increases different physiological functions.

Unhealthy Physiques:

May take some time, but it can help you feel better.

Warning! Do Not Use:

- ▲ If you have a Pacemaker
- ▲ If you're Menstruating
- ▲ If you're Pregnant
- ▲ If you have a high fever
- ▲ With metallic items such as badges or jewelry
- ▲ Drink Alcohol within 1 hour of using E-Power
- ▲ If you have a history of heart and kidney problems
- ▲ Tumors
- ▲ If you have implants of gel or silicon and transplant organs

Please consult a doctor before use!

You must remove all electronic items from yourself including cellular phones, handheld computers, games, calculators, etc., or damage could occur.

Recommendation and Precautions:

- ※ You must drink 1 glass of water 1-hour before the treatment and 1 glass of water 1-hour after the treatment. This time frame and the amount of water you drink will affect your results.
- ※ It is recommended that if you use E-Power more than twice a day, you use it in multiples of 30 mins, such as 30 mins, 60 mins, or 90 mins.
- ※ People who have kidney problems should not use E-Power too much in the beginning, but can use more frequently once the problems improve.

Advantages of E-Power: 12 Main Benefits

1. Improves detoxification.
2. Reduces inflammation and relieves pain.
3. For beauty & slimming.
4. May lower blood sugar and the risk of getting diabetes.
5. Enhances the immune system.
6. Activates cells and increases oxygen intake.
7. Improves digestion and relieves constipation.
8. Balances blood P_H and can lower blood pressure.
9. Balances the autonomous nerve system and reduces stress.
10. Improves metabolism.
11. May lower risk of heart disease
12. Increase ATP energy.

Step-by-Step Operating Instructions for E-Power

1. Place the E-Power machine on a level surface.
2. Plug E-Power into an AC electrical outlet.
3. Plug belt into OUT1 or OUT2 to activate the electric test pen.
4. Users should stay in place after the belt is attached to them.
5. Press the “Power” button; the VFD display turns on and the machine sounds a “beep” three times.
6. If you intend to have the machine work continuously, press the “Continue” button.
7. If you would like to set a specific time frame, press the “Time” button (TIME “+” or “–“ button) and the machine can be set anywhere between 0-90 minutes. (Time will be set as “+” or “–“ 30 minutes each press)
8. Press the “EPA” button to select high, middle or low degree.
9. The machine starts when the “Play” button is pressed. (**First time users should start on low setting. After your body adapts, the middle or high setting can be used.)
10. After E-Power stops it will send four “beep” tones.
11. All settings and icons on the display will go back to the default setting.
12. Press the “Power” button to turn off the power.

Frequently Asked Questions about E-Power

1. What is the maximum time allowed on the product?

It is advisable to use the product a maximum of 8 hours daily. It is necessary to begin with 30 minutes in the low mode (L) of intensity. From then on, you can slowly increase the time and the intensity. After that there is no strict form use.

2. How much electricity does this product consume?

It requires a very low consumption of electricity, which is economic.

3. Does it provoke side effects?

With the correct use (as it appears in the E-Power Manual) it does not provoke any known negative side effects.

4. If the users practice Chi Gong, will the use of this product affect them or not?

The Chi Gong and this product use the same theory. The use of this product can help you have more Chi energy.

5. How many times a day can I use this product? And does frequent use have side effects?

There is no strict norm of use. As a matter of fact, if you use it every 1 or 2 hours (up to an 8-hour maximum) you will get better results.

6. Can you use it in a leaning over position?

You can use this product in different positions.

7. If different users do the same test with a lamp to verify the energy, why do some lamps turn on and others do not?

Different people have different health status. For healthier people, the lamp will be more brilliant (it means that the cell membrane in their bodies have more energy).

8. Why do people who suffer from high blood pressure get dizzy when they use this product?

Not all people who suffer from high blood pressure get dizzy. It varies from person to person. This is a recovery process; consistent use of E-Power is recommended for full benefits. Of course, you should always check with your doctor before starting any new health regimen.

9. Why don't I feel any stimulation when I use this product?

This product does not directly expel the electricity into the human body. It offers a resonance of 70,000 times per second, which is very suitable for the human body. This is why users do not feel stimulation (sometimes, if a person has good capillary function, they will feel a little stimulation in their fingers).

10. What type of reaction will my body have if I use this product?

There are no known negative side effects from using E-Power. Your body should feel relaxed and comfortable during use and after completing your E-Power sessions.

11. Why could the use of this product stop a hemorrhage?

Because the use of this product improves the function of homeostasis.

12. Compared to other similar products on the market: why is this product different?

There are no other products on the market that expel (at the same time) the negative electricity of high intensity and the electrical wave of high frequency.

13. From what age can people use this product?

From 1-year of age to the elderly, people will receive very good results.

14. How can you keep the belt in a good condition? Is it always necessary to change it for a new one?

It is necessary to keep the belt in a dry environment and it is advisable to change the belt every year.

15. What is the life of this product?

Normally this product has a life of more than 5 years (it has 1 year warranty of free repair).

16. Where do I use the product? Will I be able to receive better results in any one place than another? And if I use it in a metallic chair or in a bed of springs what would happen?

To receive a better result, it is necessary to use this product in an outlying environment. DO NOT use this product while sitting in a metallic chair, or while on a bed of springs.

17. When 2 people use the unit at the same time and they touch each other, will they get shocked?

No. (but if they touch someone else, the third person might get shocked.)

18. When I am using the product and touch another person, why do I feel an electric shock?

It is because the negative potential concentrates on a very small surface of the skin. If the connecting surface is large, you will not feel any shocks (for example: when you shake another person's hand).

19. What theory do these products work on?

The theory of negative potential.

20. Is this product safe?

100% safe.

21. Is it possible that a short circuit may occur?

If the cables are not broken, it is 100% secure. However, if you have any questions regarding use, you may contact our Customer Service Department.

22. If I have contact with water during the usage of the product, would I be in danger?

No, absolutely not (but for the safety of the unit, do not drink water or use water near it).

23. Can I use this product before or after eating? Can I use it while I'm eating?

You can use this product before and after eating, but we don't recommend using the product when you're eating because your silverware may cause a small discharge.

24. At the time of thunder or lighting, what should I do?

Theoretically it will not affect anything; but normally we recommend disconnecting electrical devices until the thunder or lighting has passed.

25. How long it will take for the body to feel the benefits?

It varies from person to person. Usually within a month after the first use, the body will receive benefits, but some people may take as long as 6 to 7 weeks.

26. Can cancer patients use this product?

There are 2 different opinions. To avoid complications we suggest you consult your doctor.

27. How long has electrotherapy been in use?

In the 18th century, Benjamin Franklin started to use electrotherapy in Europe where it was very popular; but at that time there were no theories supporting it. Through modern technology, scientists today have verified the benefit of electrotherapy and have brought it to the rest of the world. Today in Japan, Korea, Europe, the United States, China, Taiwan, Hong Kong and other countries, electrotherapy with its negative charge is currently in use in many hospitals and homes to prevent diseases and improve health.

28. If I'm taking medication, can I use the product?

Yes.

29. Can I use electric appliances while I'm using this product?

It is not recommended. In fact, the use of this product while using any other electric appliance may damage it. Example: (computers, telephones, etc.)

30. How long has this product been on the market?

It was introduced in Japan about 20 years ago.

Tips for A Successful Retail Demonstration

1. Prepare your E-Power for demonstration. Connect the E-Power Belt into output 1 or output 2.
2. Try to schedule in-home appointments when both the husband and wife will be there.
3. Keep the appointment to less than 30 minutes.
4. Don't get technical - let the use of the product sell your customer.
5. Involve all members of the family.
6. Relate your personal experiences with the E-Power
7. Utilizes the E-Power dvd
8. Have fun!

E-Power Presentation – Health & Beauty Party

1. Set the stage
 - a. Find a Need and Fill It!
 - b. Ask Questions
2. Connect the E-Power Belt and explain
 - a. Ask questions during the presentation
 - b. Give out literature NOW and review it with them
3. E-Power dvd presentation
4. Do demo
 - a. Use the test pen to explain that it is work.
 - b. Energy test – use the light tube to do a test

- c. Beauty spa – use the facial mask to do a demo
5. Share your product testimonial/ other testimonials
6. Serve Total Health Formula product
7. Ask for the sale
8. After the sale - Follow up

Energized by E-Power

While watching the Power Point Presentation on the E-Power at the Mexico Convention in August, I was on “fire” with excitement. Ten years ago I had paid \$3,000.00 for a machine which raised each cells electrical potential. The E-Power is 75 % more effective. Wow! With 7 years tried and proven this a human cell generator which gives outstanding results. I asked myself “How could I be so fortunate to have my own E-Power for its benefit as well as be able to share the E-Power with everyone I care about!

With Christmas coming I thought the E-Power would be a great gift that would keep giving more energy and better quality of life for those who use it. That meant my 85 year old parents were first on my gift list. My mind was flooded with everyone that could be blessed with the benefits this E-Power has to offer. Anyone with “symptoms”, Bring E-Power to the “Rescue”.

With a machine that can make a difference to virtually every cell of the body – I know 2008 in HTE would be the best year ever. I sent letters out, had meetings, sold almost a 100 units and also told everyone to get the E-Power Power Point (58 pages), E-Power Users Guide (15 pages) which was corrected and reviewed by Neil Voss in November, 2007. Thank You Neil for your hard work.

When people have fragile health they may want to start off on low and if have a good health they may want to start out on high; but it is their choice. After using the E-Power the first few times, I then slept with the E-Power on high. This was usually from 3-6 hours a night. If I touch my husbands clothing or he touches mine we are fine but if my bare elbow touches his skin it can be a shocking experience. When I came back from Asia I got sick and used for 47 hours continuously. Read the power point & E-Power guide if you want to know what the negative potential does for the body. Note: the only good negative is negative ions and negative potential and they are the same thing.

I saw results after using the E-Power for just 15 min. my first time. My kidney got a jump start. Urine smell & color cleans up. Stomach digestion improves. Elimination process regulated. I feel more refreshed in the morning. My brainpower is increased & ability to comprehend is clearer. Recall is improved. Circulation is increased and swelling is decreased in my legs. Blood sugar drops 20 pts. Improving insulin absorption.

Pablo Betancourt, MD

Guadalajara, Jal.

Chief of the Cell Rehabilitation Department in Angeles Del Carmen Hospital

I would like to tell you about one of my patients who was under my care for Diabetes Mellitus; she depends on insulin to control her condition. She started using E-Power on a daily basis. With the electron flow from E-Power, we noticed that there's a therapeutic modality that eliminates pain in a very impressive way. But that's not all: we also found that for the first time in her life, her blood sugar levels were very low. For that reason I suggested she lower her daily dose of insulin. The patient consulted with her primary doctor who agreed with my recommendation. In the medical field there are no known cases or reports of a patient who relies on insulin and has been using it for a long period of time that has stopped needing their daily dose of insulin. On the contrary, these patients typically require more doses. It is very common for those who require a high dose to develop a resistance to insulin. Commonly, these cases do not have a good prognosis.

Today, my patient has stopped taking insulin; she controls it with pills and her blood sugar is still low. Of course she continues to use her E-Power on a daily basis.

God bless you all and thank you for showing us the power of E-Power.

Esthetic & Reconstructive Surgeon

After a search of over a year and a half to find medical equipments of high technology that suits my needs I met HTE Mexico and their marvelous products: the SOQI Bed, Chi Machine, ERE and E-Power; they came to solve the requirements for the treatments of before and after a reconstructive and esthetic surgery. They are affordable; sponsored by a well established enterprise and with the official permits of the government and health department. I went to a Seminar of two days, were they explained me about the Business Plan; this caught my attention because I start to think that not all my life I'll be practicing the profession of Plastic Surgeon. HTE is my chance to be my own boss and have financial freedom. The cap citation through the weekly meetings and seminars motivated me; you get to coexist with successful leaders like family. Now my clinic offers this high quality equipments to my fellow traumatologists, pediatricians, internists, optometrists, and they also refer me some of their patients to give them therapy. This satisfies me, because I expand my horizons offering high quality, efficient and low cost medical services. Mi next goal is to become a president.

My name is Jose Ramiro Garcia. In 2003 I suffered from a stroke that left half of my body paralyzed. In July 2007, I meet Guillermina Orozco and she told me about these products that would help me recover. I accepted her invitation and went to El Monte, CA where the HTE offices are. Initially I had to use a walker to move around, then after a couple of weeks of using the SOQI Bed, ERE and the newest product E-Power I just use a cane. I believe these products have done a miracle in me, because I started to feel awesome! After 8 weeks of using the products I was able to walk around without any walker or cane. Now I can drive my vehicle which makes me extremely happy, every day I get more independent. In 2008 Mr. Gorden Pan announced Dancing SOQI, and I'm really Dancing with SOQI! I like to thank Mrs. Guillermina Orozco for introducing me to these amazing products which have helped me gain my life back.

Well, I've had a constipation problem since I was a young girl. We got the *E-Power* January 2nd. I've used it for an hour every day. Now, I had taken Metamucil for the last 32 years, but I no longer have to use it. I don't use stool softeners and I am going regularly every day. This is the most wonderful thing I've ever come across. We didn't bring our other machines with us but left them with our friend that has cancer. She is feeling much better. I also have a friend here in Arizona that I am letting use the *E-Power* and she uses it for 30 minutes per day. She, too, had a constipation problem, going once every 3 days. But now she goes regularly every day. My husband, Denis, uses it and he goes regularly every day. So it is the most wonderful piece of equipment that we've ever had.

I had a colonoscopy and the doctor told me to take stool softeners all during the day and that would help, but this has been the most wonderful thing I've ever come across.

Lyn & Ted Novak
Whitefish, MT

We came to visit our new great grandchild in Utah, and Deanna said, “You’ve got to come and see what I have!” Well, I have everything there is to have anyways, you know, being in business for 42 years. My husband is a Chiropractor and I’m a Therapist. We worked with the 49’ers football team for 9 years, so we are very seasoned. I thought I don’t need another piece of equipment, but Deanna said, “I can stay up and show it to you because I don’t know how else we can work it in.” It was 10:30 p.m. when Deanna put my husband on the *E-Power*. He was about 50 when he worked with a weed eater and hurt his arm. He was scheduled to have an operation on his torn rotator cuff. Well, #1) he didn’t want to have an operation, and #2) it doesn’t always work when you get the rotator cuff repaired. He never had the operation, and he is 72 years old now. When Deanna tested him, it showed. She said, “Ted, you’re having trouble with your right shoulder.” He said, “How do you know?” The fluorescent light tester on the *E-Power* dimmed when she tested him. So she let us take it home. That night we left it on for half hour. When you first get started, you don’t leave it on a long time. After 4 days we called Deanna and said, “We can’t believe this!” You know, Ted’s shoulder was so bad that he had great difficulty pulling up his pants. He couldn’t even put his belt in his pants, so I had to help him with it. To make a long story short; Ted didn’t get his arm operated on, and now he can pull up his pants on his own! And, it turns out that the *E-Power* helped in other ways including “cleaning” cells and blood. We tested the pH of our urine and the pH improved within a week! *E-Power* gets rid of all the toxins. We are excited about what *E-Power* has done for Ted. I hardly ever get the chance to use it because Ted is sleeping with it every night! We recommend it to everybody and, specially, if there are any doctors listening, it’s a great tool for your office because you can tell right away where people are hurting when the light shines and then gets dimmer and dimmer. It’s so exciting! When you’re using *E-Power*, the energy goes through your entire body, treating your whole body. If we take a little fluorescent light bulb that isn’t plugged in, and put your hand on the light bulb, it lights up the light bulb! It’s a shocking revelation when you see yourself lighting up a light bulb! And then, we take that light bulb and go over the whole body. If there are problem areas the bulb dims gray, and that’s how we know where to treat the patient. It’s so exciting to have a tool that you can treat the whole family with and that is so reasonable in cost. I don’t know if I sound excited or not, but I’m so excited! We are so excited because now we have every tool there is – we really do have everything! We have been in the business for 42 years; married 54 years. If anyone has any questions they would like to ask Dr. Ted, he is not busy right now. He wasn’t able to use his arms, he wasn’t even able to massage until after *E-Power* - but he can massage again now!

Jim Irving
Utah

When we came down to Deanna's house. She put the *E-Power* belt on me and ran her little fluorescent light bulb tube over my body. She said, "Man you're not lighting this thing up at all, it's pretty dull!" I was suffering from cancer at the time. I had lymphoma in the subcutaneous T cells in my arm. The bulb was pretty dull - not just in that arm - it was dull everywhere. Deanna said, "Whoa! I just can't believe that you can't light this thing up. It seems blocked or something." Deanna reached down and touched the bulb. It glowed! Amazing! Well I ended up purchasing a unit. Deanna let me borrow hers for a while so I could sleep with it. After a few days, it must have loosened up everything in my body because, all of a sudden, things started flowing. Above my bed I have a couple of lights. There's a touch bar underneath the end of the headboard where if you touch it, the lights turn on dim. If you touch it again it gets brighter, and so on until you finally turn it off. The energy is flowing so well through me now that I can't even put my hand near that touch bar because the dimmer starts and shuts off so fast! My wife said, "Get away from that thing! I can't sleep!" because it really has loosened things up. I don't touch it at all. I'm at least a good foot away from the touch bar. In fact, the grandkids didn't know about the touch bar and they said, "Grandpa you're magic!" Then I played with them a bit and said, "I'll show you," So, I'm a foot away from this touch bar and I just kind of flipped my fingers at it while I'm hooked up to the *E-Power*. The lights come on the *E-Power* and I just keep playing with the kids, flipping my fingers, when all of a sudden the energy just jumps over to the touch bar and turns on the light! They start to squeal with delight because they think I'm magic! The truth is, I think *E-Power* is magic! I feel so much better! I used the *E-Power* a lot before I went in for an MRI. Of course I didn't know if it would help. All I knew was that I was really concerned about whether they would find cancer in any another place other than my arm. So I used my *E-Power*, ERE, HotHouse, and Chi Machine as much as I possibly could. When they finally did the MRI they said, "You don't have cancer anywhere other than on that arm." So, I don't know. Did the *E-Power* help? The *E-Power* is meant to do one of two things: keep you healthy or give you a chance to get your health back. That's why I'm using it. And I'd like to personally thank you Deanna, for introducing it to me.

One of the benefits that I was first made aware of is in the area of mental clarity. I have a job where I work long hours. Sometimes you're there physically, but you can't concentrate so you don't get much accomplished. It's like the more hours you work the less you accomplish, but you just keep trying to finish it. On November 6th I started a new job and started using the *E-Power* machine on a daily basis. One of the things that amazed me was finding myself in the office at 9, 10, 11 p.m., sometimes through 1 or 2 in the morning, and still be able to concentrate and focus. In addition, I had a problem with becoming drowsy on the long freeway drives home – especially after working so late. This new job I started was a 100 mile round trip – 50 miles each way! On these long drives, my vision would become blurry and I was in danger of falling asleep at the wheel! One night, I found myself behind the wheel of my car and felt like I was looking at a 68- inch plasma TV! I realized that my vision and the way I saw the road that night was something I had never experienced before. A couple of times I thought, "This is sort of strange." So, I quit using the *E-Power* for a couple of days. I was barely awake late at night. I started to use the *E-Power* again and feel a mental clarity that was just really fantastic. I'm 56 and I'm trying to compete with younger people. I'm able to get a lot accomplished on the job and I think *E-Power* has terrific benefits for me!

I've been using the *E-Power* for 2 weeks now and just 30 to 60 minutes a day and for the very first day I found that it clears up the skin it normalizes heart palpitations. I've been having problems with that and both my husband and I noticed that our health has improved. I don't know if it's my imagination but this is better and I feel better too. So I have high hopes for *E-Power*. Thank you.

After 1-hour use on the E-Power I got the best night's sleep I'd had in a very long time and I woke up full of energy for the day. Also, I have suffered from anxiety attacks for 15 years and usually wake up each morning anxious with a feeling of dread. Since using E-Power for several days, this feeling has completely disappeared. After connecting the E-Power machine and having it on for about 10 minutes, my headache was gone and my stiff neck and chronic pain in upper back from the accident was gone each time I used the E-Power machine!

I'll give you some background first. I've had several accidents and two back surgeries that left me with pinched nerves in my lower back. This has been going on for the last 10 years. Sitting really aggravated the nerves, so I couldn't sit for any length of time. I simply wasn't able to walk, sit, or stand much at any one time. In the last year I've been doing some therapy (and it helped somewhat) but I still couldn't sit without pain. In addition, I suffered from bipolar depressive mood swings and most of the time I was polarized in depression.

I went to one of HTE's meetings and laid down under the HotHouse in the corner of the room. If I did move, it was mostly to kneel down or stand up with the help of a cane.

When I came to the meeting I was clinically depressed. I did what I could to pull myself up, but I had been depressed for several days. It was at this meeting that I was introduced to and had my first experience with *E-Power*.

I wanted to try the *E-Power* but asked if I could be the very last person to try it. If I had to sit down to do this, I wanted to be able to go home immediately afterwards to curl up under my HotHouse and get rid of the pain because that has been always my experience with sitting. So, I took the risk and got hooked up to *E-Power*.

As soon as I sat down, I could feel the electric stimulus going all over my body, and tingling in my head. I felt like all of my pathways were being cleared - instantly balanced and with a clear mind. And, the pain was gone! I was able to sit! You're supposed to start slowly on the *E-Power*, but I wanted see what it could do. I put it on full power and was able to sit for 90 minutes straight!

After such a dramatic experience Deanna let me come over to her office and use the *E-Power* until I was able to get my own. I acquired more energy sitting and being on the *E-Power* than I ever had. For me it's like you take your cell phone and plug it in, and well now, you plug your body in and it reenergize with the *E-Power*!

I originally had a little scooter rather than a wheelchair because I couldn't sit down. I would kneel on the scooter with piles and piles of pads. I'd bring my whole bed with me when I went to the meetings. And I had to be under the HotHouse the whole time. Now I'm sitting! I'm giving up my scooter and my crutches. I can sit now.

I was in a very bad accident in March of 1995 and from that accident I had lost 70% of the use of my left shoulder. I was unable to lift my arm up past a right angle to my shoulder. I lived in constant pain and even regular chiropractic and massage would only relieve the pain very temporarily. My lower back and right hip were also in pain because of misalignment of my spine from that accident but also from many horse related falls from my youth. In November of 2005 my mother told me about the HTE machines and purchased them for me because she was certain that they would help relieve some of my pain. I used the HotHouse, and found relief from the pain that I lived with daily. The heat on my lower back was wonderful I then bought a massage bed so that I could use the 3 HotHouses that I had as a full body treatment. I was finally able to sleep the night without the intense pain that I was living with. The Chi Machine was also a part of the purchase and when I used it on a regular basis I found that my stomach muscles tightened up and I was looking more trim. I had gained about 55 pounds since the accident because of inactivity. I was very excited about what the machines did for me so I was telling many people and was able to sell a number of the machines at that time. The next machine that I purchased was the ERE. I used the ERE pads on my shoulder. I have found that most days I am without any pain and when stress brings it back then I just put the pads into position and receive the relief that they give once again.

My mother won a trip with HTE and we headed off to Mexico in August 2007 and at that meeting there was a new machine that was introduced. Seeing the people who had used it for the past two years in Taiwan I was very anxious to get the machine and try it for myself. The E-Power arrived on the 17 of September 2007 and I started to use it as quickly as I got it out of the box. I had two insurance appointments that evening so I used it for two hours before I went. My first client said to me “what have you done you are very beautiful tonight” since it was a woman she was not just trying to flatter me. I said “thank you” and carried on to my next appointment. This person said, “Joni you are very beautiful tonight”. I thought the machine must have been doing something. Could not see anything in the mirror that night for myself. I used the machine 90 minutes twice a day and soon it became more apparent to myself that this machine was doing things for me that I had not been able to do by dieting. I

had measured myself before I started since I wanted to have an idea if anything happened in the loss department. In the first week I lost 2 inches in my hips and 2 inches in my bust. I got on the scale and it told me I had lost 8 pounds. I was very happy with that since it had been a long time since I had a change on the scale in decreasing. I continued using the machine every day 90 minutes twice a day and within 2 weeks I had lost another inch. By the end of a month's time I had lost 5 inches in my hips and 4 in my bust. At that time even though I was still using the machine for the same amount of time I was not losing on my body but I was seeing changes in my face and neck area. My extra chins that I had acquired were disappearing one by one and the face that I had when a youth was returning. I am still using the E-Power but am using it for 30 minutes twice a day and it has been 6 months now and I am seeing more subtle changes. My skin all over my whole body is very smooth and the skin on my face has gotten very young and vital looking. A friend who had not seen me for about 6 months said to me "what are you doing your skin is beautiful." I am so amazed at the results that the E-Power is giving me it is one machine that I will let someone try in my home but it will never be away from me so that I am not able to use it every day. I am very excited about what it has done for the outside of my body and am certain that it has also benefited the inside of my body as well. Another benefit that I have had from the use of the E-Power is that I am not having the Hot flashes that I have experienced since I was about 40 as often. I would awaken in the night very often and not be able to go back to sleep as my body had become intensely hot. Since using the E-Power I am able to sleep for longer periods of time because I do not have the hot flashes that wake me. I also have less hot flashes during the day. I have a little dog who is 4 years old and has always been very thin for her size she likes to sit on my lap while I am using the E-Power and I have noticed that she has gained a little bit of weight so she has a bit of meat on her ribs which she just was never able to do before we got the E-Power. My cat also likes to sit on my lap while I am using the E-Power I am not certain what he gets out of it but he and the dog will argue about who gets to sit closer to me while I am using the E-Power so they must know something about what it is doing to make them feel better as they are always on my lap when I sit for it. Even though I still use the HotHouse; the ERE and the Chi regularly, the E-Power is one machine that has done so much for me that it will always be my favorite.

My husband and I have been using the E-Power for almost a month and we want to share how excited we are about this product. I have been on anti-depressants for nine years and was placed on Long Term Disability as it was so severe. After many attempts to get off of them, I have finally succeeded with the help of the E-Power. I am now down to less than half of the dose and continue to cut down slowly. The other machines helped for short periods of time but inevitably something would trigger an episode of depression. I believe that the chemical dependency was stored at a cellular level and was finally released through the work of the E-Power. The cool thing is that my whole attitude has improved and I find joy all around me. And as a bonus – my skin has improved dramatically. I had a terrible “chicken neck” – the kind that comes with aging – and lines around my mouth from previous years of being a smoker. My friends are asking me what I am doing to look so great and my husband and I both notice a great improvement in our skin. Our daughter uses her E-Power as well and she is totally hooked on how much better she sleeps and feels. Her stretch marks have almost disappeared and she finds that she simply copes better and feels happier.

We are thankful to HTE for introducing us to this amazing product!

CANCEROUS TUMOR ON LEFT BREAST

Recently, they made me some medical studies that shown a cyst in my left breast which was cancerous, I get really concerned and start looking for alternatives. I was introduced to HTE equipments and I started to use the HotHouse for a period of two months, that helped me a lot, but I really noticed a big change when I used the E-Power, the cyst was diminishing, and my breast start to reduce, even my stomach reduced and I felt very good.

I am currently using the equipments, which ones have made me feel a lot better, specially the E-Power; my health keeps improving and the next mammogram was normal, this surprised the doctor!

LEPTOSPIROSIS CANICOLA

I suffer for more than 15 years the damages of the LEPTOSPIROSIS CANICOLA, a disease caused by an invasive bacteria that stays in the organism attacking viciously the liver (favorite organ of this bacteria) and this provoked me jaundice (yellow skin), joint pain, hemorrhage, damage in the nervous system with continues stress (for no reason), lower blood pressure and circadian rhythm, edema, memory loss, being fatigue the whole day, and photophobia (fear of light).

I start to use the HTE equipments and after a month of using them all, (E-Power, SOQI Bed and ERE) every day, I discovered that my sufferings where disappearing. NOW, I can do all the activities I've been wanting to do for a long time, I feel energized, my blood pressure and circadian rhythm have normalized. I consider that my overall health is now 90%.

ADD (Attention Deficit Disorder)

Since I was little I had difficulty to control myself, I had a hard time when I was in a place without doing something, I was always distracted, and didn't put attention to what I was told.

My parents took me with Doctors, Pediatricians and I didn't show any improvement. One day we were introduced to the HTE equipments, they are great! Since the first session on the E-Power I started to felt different, I was able to control myself, but most important I started to sleep better. I got very happy because I was having these problems for a long time and nothing helped me.

Now I'm attentive to everything, I can control myself and my parents and I are very thankful to God and also with the marvelous E-Power, it changed my life!

Kidney Stones

After an echography, they detect stones in my kidney; I was under treatments and remedies for a while to correct my problem. A little while ago I was introduced to the E-Power witch I start to use for one hour every day and it only five days the stones got pulverized and I expelled them through my urine in crystal form. After that, I visit my Dr. to do another echography and the results were amazing, I didn't have any stones on my kidneys. I'm very thankful to God for the opportunity he gave me to meet HTE and their wonderful products.

DIABETES, BAD CIRCULATION

I've been suffer from diabetes for 23 years ago and besides the insulin, I had a very strong neuropathy witch impaired me from walking or moving normally.

By using the E-Power twice a day for 30 minutes each session I have improved my health, and also recovered my mobility, now I walk without any complications and I recovered from an eye infection. I'm very happy and thankful with HTE for giving my health back through their equipments.

DIABETES-SCIATIC NERVE

I'm diabetic since six years ago, I use twelve unties of insulin; that's a lot of medication. I also was having problems with the sciatic nerve since 20 years ago, herniated disk, etc. I've been using the E-Power for three months now along with the Advanced ERE with the ERE Pads, for one hour in the morning and another hour at night. I have seen huge changes in my health, I've lost some weight, my hair has grow back since I was almost bald for my diabetes problems, I barely take any medications, I don't use insulin anymore. I'm very thankful to God and HTE Company for these amazing equipments that bring a better quality of life.

Menopause

My name is Micaelina Sánchez García; I am 47 years old; approximately 5 years ago I met HTE. When we ladies reach the 40's, our bodies don't produce enough amount of estrogen. I began with a series of complications due to the menopause process. My gynecologist explained to me that the menopause can be shown in three different ways: Mild, Regular or Severe. My case was really severe, I got deeply depressed regularly, suffer constantly from pain in my arms and joints, dry skin and buzz in one ear. He also explained me that those aches are normal as we age and our hormones change. We began a hormonal treatment; and this provoked me huge secondary effects. I started to gain weight very fast and since my metabolism doesn't work like it used to... all my body functions got decontrolled and my life changed. I was going trough all of this, until I met HTE and use all of their products. I began with the E-Power, it not only improved my energy, and it also changed my mood. We known how explosive or depressive can be the mood of a person that is going thru hormonal changes. I started to use the E-Power because they gave me big hopes that the pain in my legs, joints and bones would disappear due to the assimilation of calcium in my bones. For me, this has been the biggest ally in the improvement of my health, energy and enthusiasm. The best part is that my mood is now stable, I feel good, optimistic, and with the desire of discover new things every day.

VERTEBRAL INJURY

After doing four sessions of 5 minutes every day on the Chi Machine, the displacement of four lumbar vertebrae and 3 dorsal vertebrae was corrected without any pain; I even could hear the cracking when they were placing themselves.

When I try the machine in an 84 year old patient that suffers from high blood pressure, her problem normalized. The E-power helped her a lot with the hemoglobin also. With sessions of 60 minutes through fifteen days, her health has improved dramatically.

Thyroidectomy - Paralysis of the Vocal Chords

On January 5th I went through a medical surgery on my right Thyroid, after the post-op I started to show symptoms of dysphonia due to a right side vocal chord paralysis. After this, I find out that HTE promote a device of bio energy that helps on the cellular regeneration and solves the problem. I'm a regular user of all HTE products and I trust their efficiency. I bought the E-Power and in just two weeks of using it for 15 minutes each session, I totally recovered my voice.

I'm very lucky to have the E-Power because I know it will help me to prevent the development of diseases, and also to maintain my physical and mental health. I strongly recommend the E-Power for the people who want to keep the most valuable treasure in life; health.

DIABETES

I have been a diabetic for fifteen years, and approximately one month ago I was introduced to the HTE equipments. After fifteen days of using them, I've been able to stabilize my blood sugar with use to be over 300 ml. and all of this, is thanks to the E-Power. I want to congratulate HTE for bringing health and wellness to our families. Thanks to them my quality of life is better.

DIABETES

I am 39 years old and this year I purchased the E-Power and subscribe as a Distributor, I decided to try the E-Power to see if it helps me with my diabetes. My treatment consisted in three things, nutrition, exercise and medication; the levels of sugar in my blood were between 230 and 270 ml. Since I began the treatment on the E-Power a month ago, I stop using medication.

I will continue to use the E-Power with the conviction that if I have a good exercise and nutrition plan I will be able to control my blood sugar levels.

Gastritis & Osteoporosis

I am 64 years old. At the end of 2006, I was suffering from a depression and during that time doctors ran a test to check my calcium level. The results showed my calcium level was pretty low, and was prescribed calcium because I was close to suffering Osteoporosis. I started to take the calcium, but due to my depression I also got Gastritis. Therefore, I stopped taking calcium.

In December 2007, one of my sisters took me to a SOQI Center, and I started to use the ERE, Chi Machine and HotHouse. After 3 months of using them, I felt completely recovered from the depression, I had no Gastritis and the varicose veins in my right leg disappeared as well.

In January 2008, I started to use the E-power and by April, I took the calcium test again in my ankle, and the doctors said the results showed that I had the calcium level of a 35 year old. In the SOQI Center I was told that my body generated calcium by using the E-power.

Now I am fine but I still use the products because I feel great and it keeps me healthy.

I want to say thank you first to the Lord, and to the company as well, the products have been a blessing for my family and I.

TRYGLICERIDES

I had problems in the urinary tract, so at November I went to the hospital, they run several laboratory analysis, which showed an abnormally high level of Triglycerides (2,500), I was very concerned but not the doctors who dismissed my problem.

My sister took me with Doctor Azeneth Avendaño, she recommended me to use E-Power and only after 1 week of use it I felt a great improvement. One month later I run blood test again and they showed that Triglycerides decreased to 325, the total cholesterol decreased to 200 as well as Uric acid levels.

Finally the pain and problems of urinary tract have gone. I really appreciate HTE for bringing this new option that allowed me to improve my life.

SECOND-DEGREE BURNS

At December 2007 I suffered second-degree burns all over my face in a domestic accident. I was translated to the County Hospital but the doctors did not offer me any diagnosis or hopeful treatment. The epithelium of my eyes suffered burns and I was unable to see anything for 5 days, my biggest fear was loss the sight forever.

Finally I recovered the sight just to see that I looked like a monster and I was summed in a big depression.

I started to use E-Power and the amazing changes started, now I don't have any scarf in my face, I got over the depression and I am happy to live.

I am 40 years old. My doctor recently gave me an exam and detected severe digestive problems including chronic constipation and gas. My abdomen looked big and my breathing was difficult. I also had pain in my stomach about an hour after eating. I had this problem for nearly 2 years.

I started to use E-Power for half an hour every day. On the fourth day, I expelled a part of a parasite (tapeworm)! The expelled part of this parasite was almost 90 cm. long!

My mood started to change and I started to feel better. The next day, after treatment with the E-Power machine, I didn't feel any abdominal pain. Since beginning E-Power sessions, not only have I expelled the parasite, but my overall health has improved dramatically.

I am 75 years old with no family background related to my current condition. About 6 months ago, I started to feel very tired. The color of my skin turned light yellow, and problems such as bad breath, insomnia, nightmares, and aggressiveness were increasing every day.

I went in for a check-up. The doctors examined me, running numerous tests. One possibility they told me about was cancer of the liver. After all the tests were in, they concluded that I had a "Crisis of Hypoglycemia" (low blood sugar).

I started using E-Power one hour per day, along with the complementary treatment. After using the machine, I started to notice an increase in energy, and the symptoms of hypoglycemia that used to haunt me daily started to diminish. After a month of E-Power sessions, I went back to my doctor. I did not show any signs of hypoglycemia and the test results came back in the normal range.

I'm currently on the same program and monitoring my health closely. At this time my hypoglycemia has disappeared and my overall health is stable.

At the beginning of this year, I got sick with the flu and a throat infection. I used the *E-Power* for 1 hour in the low mode and 4 hours at medium intensity. By the time I woke up my symptoms had disappeared!

I used the same treatment with my son since he was having the same discomfort I had, and he obtained the same result. It eliminated the symptoms of the flu and throat infection in a very short time for both of us!

Diabetes & Stroke

After a year of being on a wheelchair, unable to talk and depending on others for the simplest things, I had the opportunity to meet SOQI. For a month I used the equipments for one hour very day. I started the first days using the HotHouse, Chi Machine, Advanced ERE and fifteen days later the E-Power. The E-Power was the main reason I believe my health improved. Currently after a month of treatment, I no longer use a wheelchair or walker; I walk slow but independent, I can perform basic activities and my doctor lower the dose of my diabetes medication since my blood sugar stabilized. Also, my mood changed, I'm happy to live; I can talk to everybody and I'm thankful that HTE came in to my life with their amazing products.

I am 60 years old. Twelve (12) years ago I started to have headaches, tiredness, drowsiness, and shakes. For that reason it was necessary to see my doctor, and I was diagnosed with diabetes. This was a big shock because diabetes is one of those diseases that if you don't take good care of yourself, it can provoke death.

I started taking medication and stayed on it for 3 years but my blood sugar leveled out at 280. I visited other doctors, but it was always the same. It didn't matter what diet I was on, my blood sugar remained too high. Other doctors prescribed Insulin. I was treated with the Insulin plus another medication, and was able to achieve a blood sugar level of 140.

Headaches were part of my daily life, and besides that, I started to have pain in my neck. My doctors said it might be a wearing of the bones and they recommended exercise. So, I went to a massage therapist and started to exercise. My headaches started to diminish for about half a year. One day my doctors recommended that I visit a Sports Clinic with specialized personnel. Dr. Pablo Betancourt, Director of the Cell Rehabilitation Department in Angeles del Carmen Hospital in Guadalajara was the one who recommended the *E-Power* machine. He put me on the machine for 30 minutes per day Monday through Friday. After a week of sessions, I started to feel bad, developed a terrible headache, and drowsiness. After testing my blood sugar, I was amazed how much it dropped - only 78! This situation never happened to me in the 12 years I had been suffering with this disease. I called Dr. Betancourt and he told me that the discomfort I had that day was due to the detoxification of my body. He asked me to stop taking insulin and only take the other medication, and to keep monitoring my blood sugar levels everyday. Truly, *E-Power* is marvelous! Since that day my blood sugar levels have been between 110 and 120. I now have more energy, which makes my daily labors easy, I have a better quality of life, and most importantly, more will to live! For this reason, I address my testimonial to those people in the same condition as I was in. I suffered many long years with this terrible disease. I'm currently taking medication, but Dr. Betancourt encourages me to use the *E-Power* everyday. Therefore, if God wants, in a little time, I could stop taking the medication. I thank God for leading me to *E-Power* which in a very short time lowered my blood sugar, eliminating the discomforts and headaches.

I am 68 years old and for a long time I suffered from pains in my whole body: arms, waist, neck, legs, and (especially) my right knee, which was very swollen and red. I also had numbness in the plant of my foot. I took a lot of pills for the pain, and I didn't want to keep taking them. I noticed that I was retaining fluids and it appeared that I had gained weight as well.

I began to check out alternatives with faith in finding relief. And, soon after being introduced to and trying HTE's amazing equipment, my life changed! Since October 15, 2007 I've used their equipment every day - the ERE for 15 minutes, the Chi Machine for 5 minutes, the *EPower* for 15 minutes and the HotHouse for 30 minutes.

After the third session, I started to urinate more. I calculated that for the fourth session I urinated an average of 15 liters! My water retention and my bulging stomach have been greatly reduced thanks to HTE's life changing equipment!

During the last 3 years I suffered with astigmatism, preventing me from reading up close. I only saw specks.

Approximately 3 months ago somebody recommended HTE products. I started to use the *E-Power* for 30 minutes every day, and it helped me a lot. I can now distinguish letters. I'm tremendously satisfied with what this product has done for my health.

I'm also very happy because for years I tried other alternatives and I was resigned to use glasses my whole life; but now, with the continuous use of this equipment, I stopped wearing glasses.

I had been suffering with diabetes for a while. Not long ago, I met Dr. Rogelio Vargas and talked to him about HTE's equipment, including the *E-Power*. He was skeptical and, on my insistence, he challenged me! He suggested we do a blood test and if the results were favorable, he would buy an *E-Power* from me.

After doing the test and seeing the results, he was surprised with the results. My blood sugar levels dropped without the use of drugs! I use the *E-Power* for 30 minutes everyday and continue to see my health improve – along with a head of healthy hair! *E-Power* ? Maybe!
