## – Introduction

Meet The Doctors, four renowned physicians with different medical specialties – E.R. physician Dr. Travis Stork; OB/GYN Lisa Masterson; plastic and reconstructive surgeon Dr. Drew Ordon and pediatrician Dr. Jim Sears. This groundbreaking new show does for health care what Dr. Phil has done for psychology -- provides frank discussions in a fascinating, off-the-cuff manner.

Expect these medical experts to weigh in on compelling issues and dispense valuable information about health topics. The show highlights medical procedures in front of the studio audience and backstage in the exam room. Brought to you by the same team behind Dr. Phil.
